Carter To Sign Panama Canal Treaty Tonight

WASHINGTON (AP) — President Carter and Panamanian head of government Omar Torrijos will sign the Panama Canal treaty tonight, celebrating the finale of a 13-year negotiation in a ceremony witnessed by 19 chiefs of state.

The historic moment also was to be televised to audiences in the United States and most of Latin America. Representatives of 27 nations were on hand for the signing.

The Organization of American States, host for the occasion, has been the scene of many anti-American confrontations in the past. Now it is the forum for a rare display of hemispheric unity.

The treaty has won much more acclaim in Latin America than it has in the U.S. Senate, which could render the festivities an empty exercise by failing to ratify the treaty by the requisite two-thirds majority.

U.S. officials believe Senate defeat of the treaty would trigger guerrilla warfare and mob violence in the Canal Zone.

The treaty calls for phasing out U.S. control over the canal by the year 2000. Panama then would assume full operational control with the United States reserving the permanent right to intervene militarily against any threat to the canal.

But many Americans retain a strong emotional attachment to the canal and wonder whether Panama, with a long

record of political instability, could be trusted to run it.

Carter has been holding separate meetings with the visiting dignitaries, taking advantage of their presence to push for his favorite foreign policy themes: human rights, nuclear non-proliferation and cutbacks in weapons purchases.

Lance, a long-time friend of President Carter, now is the subject of

Bert Lance Facing Increasing Pressure To Resign Position

WASHINGTON (AP) — White House Budget Director Bert Lance is facing increasing pressure to resign as federal investigators prepare to reveal a new report about alleged improprieties in the use of money and an airplane owned by Lance's Georgia bank.

Lance, a long-time friend of President Carter, now is the subject of

DISCUSSES WATER DISTRICT—Calloway County Judge Robert O. Miller explained a point during a public meeting last night on a proposed water district serving Hazel and the U. S. 641 S. area. Photo by Jennie B. Gordon

Panel Issues Warning On Tobacco Sales

LEXINGTON, Ky. (AP) — A potential threat to the federal tobacco price support program should lead farmers to "reconsider" continued use of an experimental tobacco packaging process, according to the Lexington Tobacco Board of Trade.

The seven-member panel, representing 32 tobacco auction warehouses here, passed a resolution Monday "warning farmers of the danger of offering tobacco for sale loose in sheets or in bales without a support price."

If the tobacco can be sold for more than the current support price of \$1.17 per pound, congressional critics of the program can argue that it is unnecessary, Charles Marshall, president of the organization, said Tuesday.

Marshall, who has been involved with tobacco sales since 1927, said that would open the door for a tobacco price depression.

He said, however, that the group was concerned only with continuation of price supports, not with the manner of tobacco sales.

"We'll sell tobacco any way it's brought in," he said. "If he (the farmer) brings it in tin buckets, we'll sell it."

Glendale Road To Be Topic At Council Meeting

The proposed extension of Glendale Road between U. S. 641 S. and Ky. 121 S. will be the topic of a public hearing scheduled at the beginning of Thursday's meeting of the Murray Common Council.

The meeting will begin at 7:30 p. m. in the council chambers (second floor) of the Murray City Hall.

investigations that involve the Justice Department, the comptroller of the currency, the Securities and Exchange Commission, the Internal Revenue Service, and by a House subcommittee and a Senate committee armed with subpoena powers.

Comptroller of the Currency John G. Heimann planned today to reveal the findings of his investigation into allegations about Lance's use of bank money and aircraft owned by the National Bank of Georgia for private and political purposes.

Last month, Heimann said his office's investigation of Lance's banking practices had shown some questionable dealings, but no evidence of illegal conduct.

But after key legislators were briefed on his new report on Tuesday, Rep. Fernand J. St. Germain, D-R.I., chairman of a House banking subcommittee looking into Lance's finances, said Heimann had turned information on Lance's private use of the bank aircraft over to the Justice Department, the Federal Elections Commission and the Internal Revenue Service.

Murray School Board To Meet

The Murray Board of Education will meet in regular session on Thursday at 7:30 p. m. at the board office.

Included on the agenda will be discussion of a work release program at Murray High; the transportation report; personnel recommendations, the close estimate of the working budget, and the superintendent's report on renovation.

Firemen Called To MSU Campus

The Murray City Fire Department responded to a call at Wilson Hall on the Murray State University campus late this morning.

Fire Department officials said an electric motor in the air conditioning unit had burned out, causing the building to become partially filled with smoke.

Students in class at the time were evacuated until the cause of the smoke was determined.

Harris Hopes To Help Farmers Get To Market

FRANKFORT, Ky. (AP) — State Agriculture Commissioner Thomas Harris says he's working on plans designed to ensure that Kentucky farmers have an easier time getting this year's grain crop to market.

Farmers—particularly in western Kentucky—have been faced with the prospect of a limited amount of storage space for their crops and with shortages of rail cars. It happens to some degree every year, but last year the problem was exacerbated by a record corn harvest which was 47 per cent larger than the previous year's.

Some farmers had to accept low prices because they couldn't find any storage for their corn. Others saw their crops rot because they had to delay harvest, and still others got hit by bad weather.

This year the situation should be "somewhat better, since production is expected to be 30 to 50 per cent lower than last year," Harris said. In eastern Kentucky, an early summer attack by Japanese beetles will mean that only

The Los Angeles Times reported in today's editions that the comptroller's report outlined "questionable loans and maneuvers" by Lance and his business associates in 1971 and 1973 to buy control of two Georgia banks — the Bank of Ringgold and the Choluta Banking Co. of Chatsworth, Ga.

The newspaper quoted the report as saying Lance and his associates borrowed money from the Fulton National Bank of Atlanta and later picked that bank as a correspondent bank, placing funds from Lance's Calhoun First National Bank in the Fulton bank at no interest.

Despite White House denials of published reports that Lance's hours as director of the White House Office of Management and Budget are numbered, the burly Georgia banker clearly was losing ground Tuesday.

Farmers File Suit Against TVA On Damage

PADUCAH, Ky. (AP) — Owners of 1,410 acres of McCracken County farmland have filed the first soybean-damage suit to reach court against the Tennessee Valley Authority, operator of an electric plant they claim damages their crops, a TVA lawyer says.

The suit claims two large generating facilities, operated by TVA and Electric Energy, Inc., produce pollution that has caused "physical damage, stunted growth and reduced yields" in the soybean fields.

The landowners, doing business as Kentucky Hogs, Inc., claim TVA's Shawnee Steam Plant, 16 miles west of Paducah, and EET's Joppa Steam Plant, across from Shawnee on the Illinois side of the Ohio River, produce "sulfur dioxide and other noxious and poisonous gases."

The suit charges that both companies have failed to comply with federal and state emissions regulations.

The landowners claim the emissions have cut soybean yields six to 20 bushels per acre and cost them \$252,366 during the past five seasons.

Leonard Smith, legal counsel for TVA at Knoxville, said Tuesday the suit is the first to reach court against TVA for soybean damages.

about half the expected crop is harvested, he said.

However, Harris said he has seen shortages of rail hopper cars and storage space occur every year, no matter what the production, so he's working on contingency plans to meet the farmers' needs.

One bit of encouraging news for western Kentucky grain farmers came last week from officials of Illinois Central Gulf Railroad, the chief transporter of western Kentucky grain.

Ivan Hall, vice president in charge of the railroad's shipping division, told state transportation planners that there should be more than enough rail hopper cars to meet the demand this year.

He said 575 hopper cars should be available in the western Kentucky area this fall, and that granary operators should contact the railroad to obtain adequate numbers of cars.

"I believe we can assure the grain shippers of available rail transport equipment for this year's harvest," Hall said.

Water District Discussed Last Night At Hazel

A proposed new water district that would serve the city of Hazel, residents along U. S. 641 S. and an area east of U. S. 641 on the old Murray-Paris Road, was the topic of discussion at a public meeting at the Hazel Community Center.

Present at last night's meeting were Hazel Mayor Cy Miller, Calloway County Judge Robert O. Miller, Bob Durbin of the Farmers-Home Administration, Terry Derrington, engineer for the proposed project, Wayne Spencer of the Natural Resources and Environmental Protection committee of the Purchase Area Development District, and Gilbert Sears, community development specialist with the UK Cooperative Extension Service.

About 75 interested citizens attended the public meeting.

Hazel Mayor Miller explained that the present Hazel Water System is in dire need of being upgraded and that the cost of reworking that system alone would be prohibitive.

It was explained that current plans call for the new district to purchase water from the Murray Water System rather than attempting to operate its

own water treatment plant. The present water treatment plant at Hazel would be phased out under the proposal.

Approximately 50 per cent of the estimated \$1.3 million construction cost of the water system would be obtained through federal sources. The remainder would come from an FHA loan.

Current plans call for present Hazel Water System customers to be tied into the new system for no tap-on fee. New customers would be tied into the system for an initial \$200 tap-on fee if they are hooked into the water line at the time of construction.

Plans also called for an additional 26 fire hydrants to be installed in the city of Hazel, one every 500 feet. It was pointed out that this could possibly lower fire insurance rates for residents of the community. Fire hydrants would also be installed every 1,000 feet on that portion of the system outside of Hazel.

A public hearing on the proposed project will be held on September 19 at 2 p. m. at the courthouse. Persons having objections to the project should file them by Sept. 19 in the office of Calloway County Judge Robert O. Miller.

Hearing Scheduled For New Concord Man Today

A New Concord resident has been jailed here after state police were forced to use tear gas in his capture, according to Kentucky State Police.

J. D. Outland, 50, a resident of the New Concord area, was placed in the Calloway County Jail on charges of wanton endangerment after he barricaded himself in his home, forcing Kentucky State Police and Calloway County authorities to use tear gas to capture him.

Outland was charged in a warrant taken by his wife with wanton endangerment. Outland allegedly threatened his wife with a shotgun.

After the warrant was taken, sheriff's officials and state police attempted to serve the warrant on Outland, who was barricaded in his home.

According to police, the officers first telephoned Outland, trying to talk him out of his house, which is located on Kentucky 280, near Kentucky Lake. Outland refused to talk on the telephone, and police then attempted to talk to him over a police car public address system.

Officers were able to talk Outland into coming out into the front yard three

times, but were not able to talk him away from the house. According to reports, he then hid behind a concrete wall at the house and armed himself with a shotgun.

Police then moved on the house and fired two tear gas grenades inside. Outland fired one shot from the shotgun before he was forced to leave his home.

When Outland ran into the front yard, Trooper Guy Turner kept Outland's attention while another trooper removed the gun from the house, according to police.

A hearing is scheduled on the incident this afternoon at Judge Robert O. Miller's office.

Calloway Board Meets Thursday

The Calloway County School Board will meet in regular session Thursday at 7:30 p. m. at the board office, according to an agenda released today by Supt. Jack Rose.

Included on the agenda will be consideration of an attendance policy for Calloway High; personnel recommendations; final salary schedule for certified employees; membership in West Kentucky Education Cooperative; ADA contracts; cooperative transportation program for deaf and blind students; an executive session for land acquisition discussion; purchase of new buses; a close estimate budget; and the superintendent's report.

The superintendent's report will include reports on enrollment, transportation, band, football, new programs, food service program, the annual meeting of the First Region School Board Association, and a new variation type special education unit.

Weisenberger To Co-Chair Insurance Meet

Sen. Richard Weisenberger (D-Mayfield) and Rep. Ward (Butch) Burnette (D-Fulton) will serve as co-chairmen of a public hearing on Sept. 20 at Barkley Lodge near Cadiz to discuss practices of insurance companies which have become problems in Kentucky.

The hearing, scheduled to begin at 10 a. m., is one of several to be held throughout the state this fall by the Interim Committee on Banking and Insurance, of which both Weisenberger and Burnette are members.

Topics for discussion include:

— Cancellation and non-renewal of automobile insurance policies.

— Failure of companies to inform the insured of the reason of cancellation or non-renewal.

— The coordination of benefits under health insurance policies in situations where the insured paid premiums on more than one policy.

— A discussion of no-fault insurance and how it is working.

— Insurance company policy with respect to teen-age drivers.

Weisenberger and Burnette said the meeting will be attended by Rep. James E. Bruce (D-Hopkinsville), interim committee chairman, and other members of the committee.

The legislative committee has been meeting periodically with representatives of the insurance industry and the purpose of the area meetings is to give citizens an opportunity to voice their complaints and views.

Pairings for the Advanced group of women's tennis at the Murray Country Club for play on Thursday, September 8, have been released as follows:
Court No. One — 9:00 a.m. — Patsy Miller vs. Lillie Johnson.
Court No. Two — 9:00 a.m. — Donna Keller and Lou Ann Philpot vs. Carolyn Bradshaw and Kathy Burchfield.
Court No. Three — 9:00 a.m. — Judy Nall and Agnes Payne vs. Nancy Walston and Peggy Billington.
Court No. Four — 10:00 a.m. — Shirley Boone and Sharon Brown vs. Georgianna Moffitt and Teri Burke.

Celebration Planned

Mr. and Mrs. Roy Irvin

Mr. and Mrs. Roy Irvin, 717 Sycamore Street, Murray, will be honored with a reception in celebration of their 50th wedding anniversary on Sunday, September 11, at the home of Mr. and Mrs. Pat Trevathan on Dodd Road in the Locust Grove Community.

All friends and relatives are invited to call between the hours of two to five p.m. The family requests that guests not bring gifts.

The couple was married in Stewart County, Tn., on September 10, 1927, with Bro. Dee Knight performing the ceremony. They moved to Calloway County in 1945 and are members of the Locust Grove Baptist Church.

Mrs. Irvin is the former Grace Futrell, daughter of the late Cullen Futrell and Ella Vinson Futrell of Stewart County, Tn. Mr. Irvin is the son of the late Finis Irvin and Fannie Berkley Irvin of Trigg County.

They have one son, Cullen E. Irvin, and three daughters, Mrs. Pat (Robbie) Trevathan, Mrs. Robert (Ella) Moody, and Mrs. Cecil (Catherine) Glass, all of Murray. Their grandchildren are Sandra, Michael, and Sheila Irvin, Charissa, Christopher, Candi, and Carmen Glass of Murray, and Cullen Moody, serving with the Marines at Jacksonville, N. C.

If you're ever in a French, Spanish or Italian speaking country don't turn on the faucet marked "C" to get cold water. It stands for the French *chaud*, the Spanish *caliente*, the Italian *caldo* — all meaning hot.

Miss Donna Smith Is Honored With Shower

Miss Donna Smith, September 10th bride-elect Randall Brandon, was recently honored with a bridal shower held at the Community Room of the North Branch of the Peoples Bank.

The gracious hostesses for the special occasion were Mesdames Mason Thomas, Pat Redden, Lamon Lovett, Larry Suiter, Alvin Usrey, Gary Wicker, Shirley Doran, and Misses Gina Lovett, Belinda Suiter, and Bonnie Smith.

Miss Smith chose to wear a street length dress of qiana

knit and was presented a corsage of yellow carnations. Her mother, Mrs. Edgar Smith, and her mother-in-law to be, Mrs. Howard Brandon, were also presented matching corsages.

Refreshments of cake, punch, nuts, and mints were served at a table covered with green net over a yellow cloth. Each corner was caught up with ribbons and wedding bells. In the center of the table was a beautiful arrangement of summer flowers.

Seventy persons were present or sent gifts.

Married 40 Years

Mr. and Mrs. J. Oacus Bedwell

Mr. and Mrs. J. Oacus Bedwell will celebrate their fortieth wedding anniversary on Sunday, September 11, with a reception at the Oak Grove Cumberland Presbyterian Church from two to four p.m.

Friends and relatives are invited to the reception in the fellowship room of the church.

The couple was married September 11, 1937, at the home of the bride with the late Rev. Cletus Clemments officiating. Ted Bedwell and the late Jessie Andrus Bedwell were the attendants.

Mrs. Bedwell is the former Pawnee Burchett, the only daughter of the late Lee Burchett and Florence Thweatt Burchett of Calloway County. Mr. Bedwell is the son of the late Boyd Bedwell and Verdie Brown Bedwell of Coldwater.

The Bedwells are the parents of one daughter, Sandra, who is married to Dr. R. Douglas Wood of Calhoun. They have two grandchildren, Andrea Cheryl Wood and Susan Leigh Wood.

Community Theater Tryouts Thursday

There are few dull minutes in this community. One who complains of "There's nothing to do here," hasn't read or heard about the many things going on here. Right now we are in the midst of completing a charter membership list in the local Community Theatre organization. When this is finished, an attractive financial grant is available to aid in the promotion. Already several performances have been given in the county library and in the old freight depot on Railroad Avenue.

This interest includes children and adults. Try-outs for parts in the next production is to be held Thursday afternoon for

children and that night for adults. With leadership like Jo Curris, Margaret Trevathan, Richard Valentine and more like them, this cultural venture is bound to succeed and give a lot of pleasure to participants and those who love to attend.

Speaking of Cultural Interests, this is not Murray's first dramatic organization. In the lore of Murray there lists a drama company and an orchestra. They put on Shakespearean plays, and had road shows. Murray's leading lady was Miss Ella Bolen, a young lady of rare beauty and talent and of exquisite form. In one performance, she wore flesh colored tights like the ones worn by female circus riders. It is reported that this was the first time the female form was ever revealed to a Murray audience. Men admirers said, "She looked mighty purty." She was the daughter of Capt. J. N. Bolen who published the Murray Gazette.

We once had an opera house — The Woodruff Opera House — a brick structure, built to meet opera needs. It later became Shroat's Meat Market on the ground floor. The second floor, became an apartment complex. The building would have measured to the specifications of an historical society. The floor was elevated in the back to give all visitors a good view of the stage. There was a balcony, dressing rooms, orchestra pit, and the ceiling featured a dome with sky lights and paintings of pretty artwork.

This became a picture show place during the silent movies, and was used by other assemblies. I remember playing a part in Murray High School senior play there. It was also used by the First Christian Church as an adult Sunday School class room. The building, was just south of the First Christian Church and built by L. W. Y. (these initials may not be correct) Woodruff, a prominent farmer who built a palatial home on the Wiswell Road. The old opera house was purchased by the Murray Peoples Bank and destroyed in a renovation project.

Another interest in current promotion is that of The American League of Women Voters. The membership drive opening last week was attended by approximately 50 women and a few men. This is nonpolitical in nature and is an attempt to keep women alert to the issues of our country and to inspire them to use their influence in the making or unmaking of laws by their vote. Susan Vandergriff is the leader of the group.

Tourism Is Vital To Local Economy

The estimated number of visits to Tennessee Valley Authority lakes totaled a record 69.2 million in 1976 according to recently released figures from a TVA survey.

The figures show that Kentucky Lake, the largest impoundment in the TVA system and traditionally the most visited lake, led in reservoir visits with some 16 million. Land Between The Lakes, TVA's 170,000-acre outdoor recreation demonstration area located between Kentucky Lake and Lake Barkley, had 2.3 million visits.

Reports from TVA indicate that there were 400,000 overnight visits in the LBL during the past year. Kentucky Parks Department statistics indicate that 6,675,000 people visited Kentucky Dam Village State Park at Gilbertsville, 180,000 of them as overnight guests.

More than one million visited Kenlake State Park including 50,000 overnight guests and more than two million people

visited Barkley Lodge State Resort in 1976 with about 100,000 staying overnight.

The state is considering a plan that would establish a fund offering low-interest loans to people interested in starting tourist businesses in the state.

Other reports this summer revealed that tourism in Kentucky accounted for over \$1 billion in trade last year and that tourists spent over \$62 million in the eight counties surrounding the lakes.

This is another indication that tourism is a vital economic force in the Jackson Purchase and that it is one of the main future growth areas for West Kentucky.

We support such a plan, but we urge at the same time that caution be exercised in our region's development. Preservation of the unspoiled nature of much of our lakes area will be an investment in the future of tourism for West Kentucky.

Opinion Page

Consumer Comment

Contractual Disputes

A consumer recently complained to our office that he thought he would be paying 8 per cent interest on the furniture that he bought on an installment plan but was now being charged 9 1/2 per cent interest. He later admitted that he had signed the contract before checking to see if there were any blank spaces in it. He felt that the business later filled the blank in at a higher interest rate. Because there is almost nothing that can be done in cases like this the consumer is usually out a considerable amount of money.

This can easily be avoided if you will never sign a contract with blank spaces in it. Put an X in all blanks. If you leave a blank, you may end up signing something which requires you to pay more, sooner, or to someone other than you expected.

The Attorney General's Consumer Protection Division receives many calls a day from consumers that want to get out of a contract which they signed before understanding all of the terms. It is important to remember not to sign your name to anything unless you fully understand all of the terms of the agreement. If a sales person tells you to disregard a contract because "it's just a legal form" be especially careful to read the form before signing it and to keep a copy of the form for your records. Once you have signed your name to a contract it is legally

binding. There is little that can be done, short of going to court, to break a legitimate contract.

Except on rare occasions, the only time a consumer can cancel a signed contract is if the sale was made in the consumer's home and he or she gives written notice of cancellation within three business days after the sale. This is the "Home Solicitation Law" on the "Three Day Cooling Off Period." This law gives Kentucky consumers three days in which to cancel a purchase which is over \$25 and does not involve insurance.

The Attorney General's Consumer Protection Division cannot act as a private attorney for individuals that want to cancel legitimate contracts. To avoid the expense of hiring a private attorney to break a contract, read and understand the contract before signing. Know what you are signing! If you don't understand it, take it to someone who does.

For more information on contractual disputes contact the Office of the Attorney General, Division of Consumer Protection, Frankfort, Kentucky 40601. The office has found that it can most effectively deal with written complaints and encourages you to write when you have a complaint. However, if you have an emergency situation, call the Consumer Hotline number which is 1-800-372-2960.

FROM THE
Congressional Record

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

On Air Bags

REP. BUD SHUSTER (Pa.)... There are two new developments in the air bag controversy which I would like to share with my colleagues.

"First, statistical data showing that air bags are less safe than safety belts has been obtained from NHTSA, the Federal agency that is pushing for mandatory air bags. Specifically, the data shows that your chance of being killed in a serious car crash is 5 1/2 times higher using an air bag equipped car instead of wearing safety belts. Your chance of being injured is nearly 2 1/2 times higher.

"Surprisingly, the air bag did not even inflate in 42 per cent of the tow away crashes...

"The second major development is that we have investigated the claim by the air bag lobby that insurance premiums could be reduced 30 per cent with air bags and found that air bag users currently are getting less than 1 per cent price reduction from the three insurance companies that support the air bag.

"We obtained quotations on a typical 1974 Oldsmobile Delta 88, with and without air bags, from 50 different insurance agents in Pennsylvania, Maryland, Virginia, and Washington D. C., representing Allstate, GEICO and Nationwide... Allstate agents quoted an average discount of \$3.44 on a \$281 policy, 15 GEICO agents a \$2.29 discount on a \$312 policy and 17

Nationwide agents a \$1.41 discount on a \$295 policy...

"So, the much touted reduced insurance premiums will offset the original cost of the air bag only if one drives the same car for 33.3 years...

"The initial air bag cost of approximately \$200 (closer to \$300) does not include the replacement cost after inflation, which is estimated to exceed the original cost. None would insure the replacement cost of the accidental inflations.

"Ten other insurance companies contacted offered no price reduction for air bag equipped cars.

The air bag order is most unfair to millions of Americans who wear safety belts, forcing them to pay extra for a system that may be less safe than the one already in their car. Congress should disapprove the mandatory air bag, unless or until, a better case is made..."

CRUMP'S GRASS ROOTS COMMENT

Protests to congressmen killed the mandatory buzzer interlock system. Similar protests would kill the insurance lobby sponsored air bag rip-off. Car buyers should decide if they want their cars equipped with air bags. Present law mandates air bags on 1982 cars. Car buyers should get busy.

"Sorry, mister-it can't be repaired"

Inside Report

By Rowland Evans and Robert Novak

Politics As Usual

WASHINGTON — A study recommending a federal rail yard for Delaware instead of Massachusetts was consigned to oblivion after the intervention of Speaker Thomas P. O'Neill Jr., making clear that politics in Jimmy Carter's Washington is played today much as it has been for nearly two centuries.

O'Neill is not only the most powerful member of Congress but a loyal son of Massachusetts intent on federal favors for his state and her sons. The Carter White House is increasingly attentive to O'Neill and other Democratic members of Congress, particularly those with difficult fights for reelection.

Since this is the way business always

Looking Back

10 Years Ago

H. T. Waldrop, prominent realtor and civic leader in Murray for many years, has been named "Realtor-of-the-Year" by the Murray Board of Realtors, according to Frank Ryan, board chairman.

A special note burning and service of dedication will be held Sunday at two p. m. at the Poplar Spring Baptist Church. Deaths reported included Robert W. Huie, age 47, James M. (Joe) Russell, age 39, and Eris O. Edwards, age 56.

Kim W. Wallis has been promoted to Lance Corporal while serving with the First Division of the U. S. Marines in Vietnam.

Robert J. Lent and John C. Runyon enlisted in the Armed Forces during the month of August.

20 Years Ago

Army Pvt. Harold F. Shultz was graduated September 2 from the Carpentry Course at Fort Leonard Wood, Mo.

Plans for the new City Hall building at South Fifth and Poplar Streets were discussed at the meeting of the Murray City Council with Mayor George Hart presiding.

Deaths reported include Mrs. Vergie Hodges, age 70.

The Murray High School Tigers and the Halls, Tn., football teams played to a 6 to 6 tie in the game last night. Gene King passed twenty yards to Dan Pugh in the end zone to mark up the Murray score.

Births reported include a girl, Michele, to Mr. and Mrs. Bethel Richardson on September 6, and a girl to Mr. and Mrs. Alfred H. Scull on August 21.

30 Years Ago

The Murray First Christian Church acted as host church for the West Kentucky Missionary Institute and Retreat held at Wells Hall, Murray State College, this week, according to the Rev. Robert Jarman, church minister.

J. F. Graham, son of Mr. and Mrs. Charlie Graham, was honored at a dinner given by agricultural and business leaders in Caldwell County for his services to agriculture in the Princeton area.

Miss Elaine Ahart, daughter of Mr. and Mrs. J. S. Ahart, and James M. Brown, son of Mr. and Mrs. W. E. Brown, were married September 4 at Mayfield.

The Rev. S. C. McKee, pastor of the College Presbyterian Church, has been the guest of his sons and their families in Dayton and Cleveland, Ohio.

"The Perils of Pauline" starring Betty Hutton and John Lund is showing at the Capitol Theatre.

has been conducted in this town, politics as usual under President Carter is remarkable only in view of his campaign's vows of righteousness. In ways less convulsive than supporting Bert Lance, the President all summer has been quietly shedding layers of campaign sanctimony.

Tip O'Neill has been a major catalyst in the change. Presidential aide Hamilton Jordan's cavalier treatment of the speaker in handing out inaugural tickets is a distant memory of a bygone day. Most notably, O'Neill has won presidential selection of a political crony from Boston to the Federal Election Commission over obviously better qualified candidates and kept Fort Devens operating despite expert recommendations that the old Massachusetts Army base be closed to cut costs.

O'Neill's latest intervention concerns a new heavy maintenance facility for Amtrak in the Northeast corridor. A study prepared by the Federal Railroad Administration (FRA) for Secretary of Transportation Brock Adams recommended Wilmington, Del., over competing sites in Washington and Boston.

But O'Neill considered Boston infinitely preferable. "The Speaker made it very, very clear," one federal railway official told us, "that the one thing he wanted was the Amtrak facility located in Boston." Secretary Adams informed the FRA that he was "dissatisfied" with the report, and was widely expected to select the Boston site by Aug. 1.

That has been delayed by persistent efforts of Delaware's three-member congressional delegation. During the week of Aug. 1, Republican Sen. William Roth repeatedly telephoned Adams, but his calls were not returned by the usually congenial Secretary of Transportation. When Roth charged an "arrogant and persistent political coverup," Adams denied political motivation and said no decision had been made.

Nevertheless, that FRA study recommending Wilmington has been kept from members of Congress and is significantly harder to obtain than a top secret national security document. Moreover, there is little doubt — even among Delawareans — that ultimately O'Neill will not be disappointed by the location of the Amtrak rail yards.

The speaker meets less resistance in influencing federal appointments. Nobody but O'Neill's inner circle knows how many officials he has placed in the government this year, but the length of the speaker's arm is measured by one obscure appointment: general counsel of the commodity futures trading commission.

The White House preference had been designated, when the speaker's office telephoned chairman William Bagley

with a late entry: John G. Gaine, 34, who worked summers between 1959 and 1965 as a legislative intern for Rep. Edward Boland of Massachusetts, O'Neill's closest pal. Bagley informed the White House of the new development and was given this reply: we have no objection to anybody the speaker wants, Gaine started work July 31.

Politics as usual is by no means O'Neill's exclusive property. During a group meeting of Congressmen with the President this summer, Republican Rep. William Cohen of Maine asked whether his state's delegation might have the same chance to convince the Pentagon that Loring Air Force Base should be kept open that O'Neill's Massachusetts delegation had with Fort Devens. The President cordially agreed, telling Cohen to call to set up the meeting.

That was less than pleasant news for Democratic Sen. William Hathaway, who might have to run for reelection against Cohen next year. Hathaway telephoned the White House, which quickly took corrective action. The Senator was authorized to say the White House had asked him, not Cohen, to arrange a meeting. When Cohen called the White House to set up the meeting promised him by the President, he experienced the same fate as Sen. Roth and other Republicans: unanswered phone calls, one after another.

There is nothing new or improper in a Democratic administration favoring Democratic Congressmen for federal goodies. It is, however, foreign to the tone of the President's rigidly high-minded campaign, but that may soon be of interest only to purists and perhaps a few naive voters.

Bible Thought

The path of the just is as the shining light, that shineth more and more unto the perfect day. Proverbs 4:18.

The righteous man follows Jesus, who said, "I am the way." And the daily walk with Jesus enables the Christian to be "the light of the world," confirming one's faith in Him.

WRITE TO POLITICIANS

As a service to our readers, The Murray Ledger & Times periodically publishes the addresses of the state and federal elected representatives serving our area.

FEDERAL LEVEL
Any senator or representative may be reached through the congressional switchboard, 202-224-3121.

Here are the mailing addresses:

Sen. Walter D. Huddleston
3327 Dirksen Building Washington, D. C. 20510

Sen. Wendell H. Ford
4107 Dirksen Building Washington, D. C. 20510

Murray Field Office, 753-1852
Rep. Carroll Hubbard, Jr.
204 Cannon House Office Bldg. Washington, D. C. 20515

STATE LEVEL

State legislators may be reached in Frankfort when the General Assembly is in session by dialing 1-564-2500 or by writing to them in care of the State Capitol Building, Frankfort, Ky. 40601. Home addresses of state legislators serving Calloway County are:

Sen. Richard Weisenberger
Route 7
Mayfield, Ky. 42066

Rep. Kenneth C. Imes
201 S. 3rd Street
Murray, Ky. 42027

HEARTLINE

HEARTLINE is a service for senior citizens of all ages. Its purpose is to answer questions and solve problems — fast. If you have a question or a problem not answered in these columns, write HEARTLINE, 114 E. Dayton St., West Alexandria, Ohio 45381. Senior citizens will receive prompt replies, but you must include a stamped, self-addressed envelope. The most useful replies will be printed in this column.

HEARTLINE: I am 82, live alone and only see my children once a year. They have been on their own so long that they know very little about my affairs, belongings, insurance policies, etc. I have important papers, deeds, policies and other information in various locations. What should I do to make sure they can locate everything and know what they must when I die? — R.W.

A. The best thing to do is make a record of your belongings and give copies to your children. The following guideline will help you.

— Location of will, its date, executor, trustees, and designated guardians of children. The name of attorney, bank or person who drew up the will and the witnesses should be included.

— Personal belongings should be itemized and if insured, name of insurance company.

— List all investments.

— List location of all personal documents.

— Safety deposit box location and who has access to it.

— Social Security number, location of Social Security card, benefits you are receiving or are eligible to receive.

— Location of deeds.

— Banking account locations and numbers.

— Information on trust funds.

— Outstanding debts.

— General arrangements.

— People who have helped handle your affairs.

HEARTLINE: My wife and I are both 63 years old and are wondering how other peoples' cigarette smoke can affect non-smokers. Do you have any information about this?

A. Heartline has compiled much information about this and has sent you a copy. Anyone else desiring this information should send a long, self-addressed, stamped envelope to "Heartline-Smoke," 114 E. Dayton St., West Alexandria, Ohio 45381.

HEARTLINE: I am a 64-year-old widower. I live on Social Security and my company pension in a small, one-bedroom apartment. Since my wife died, I have had very little social life. I would like to find a pen pal. Do you know of any for people in my age group? — J. C.

A. Heartline has developed a pen pal club exclusively for people over age 50. The "American 60 Club" has been in existence for over three years and has thousands of members throughout the country. For complete information and an enrollment card, write to "Heartline American 60 Club," 114 E. Dayton St., West Alexandria, Ohio 45381. Please enclose a long, self-addressed, stamped envelope with your request.

Today In History

By The Associated Press
Today is Wednesday, September 7th, the 250th day of 1977. There are 115 days left in the year.

Today's highlight in history:
On this date in 1940, German bombers began the World War II raids against London which were to become known as the "London Blitz."

On this date:
In 1533, England's Queen Elizabeth I was born.

In 1812, the French defeated the Russians in the battle of Borodino, southwest of Moscow.

In 1822, Brazil declared independence from Portugal.

In 1825, the French hero of the American Revolution, the Marquis de Lafayette, said his last farewell to President John Adams at the White House.

In 1930, work began on Boulder Dam, now known as Hoover Dam, on the Colorado River.

In 1953, the government of South Vietnam had hundreds of students arrested for demonstrations against the regime of President Ngo Dinh Diem.

Ten years ago: A White House panel recommended the establishment of a new federal bank to lend money to qualified students for college education, with 30 to 40 years to pay.

Five years ago: an Israeli patrol entered Lebanon in search of Arab marauders after a border clash.

One year ago: A Soviet pilot who flew a Russian MIG-25 to Japan was granted political asylum in the United States.

Today's birthdays: Movie and stage director Elia Kazan is 68 years old. Actor Peter Lawford is 54.

Thought for today: All the world's a stage and all the men and women merely — players — William Shakespeare.

Isn't It The Truth

In every congressional district throughout the land, Republicans and Democrats agree on one important point: Neither wants the other to nominate the next Congressman.

Couple Takes Tumble Without Insurance

By Abigail Van Buren

DEAR ABBY: My wife and I fixed up our backyard with a slide, swings and a sandbox for our grandchildren to enjoy when they visit us on weekends.

The neighbors' children (and there are many) asked if they could play in our backyard during the week, and we saw no reason to refuse them.

Well, last week a neighbor girl fell off our swing and broke her nose and two front teeth. (They were not baby teeth, so they have to be replaced.)

The girl's father informed us, through his lawyer, that we are liable for the doctor and the dental bills.

Our own lawyer said we had to pay it because it happened in our yard. Abby, we're just average middle-class people, and this has hit us hard.

I hope you'll print this as a warning to other naive, big-hearted people who can ill afford such generosity.

STUCK

DEAR STUCK: Will do. But if you had spent just a few dollars for insurance, you would have been "covered"—not stuck! Readers, talk to your insurance agent, and be sure YOU'RE protected.

DEAR ABBY: I have a European man friend who lives abroad but comes here very often on business for his government.

We are very close physically and emotionally, have even spoken of marriage and have exchanged "I love yous" many times.

The only thing I don't like about him is that he's cheap. Last Christmas he sent me a seashell and a T-shirt. The seashell was beautiful—if you like seashells. And the T-shirt was obviously secondhand. I have nothing against secondhand clothes, but I don't think they are appropriate for a gift.

I didn't mention it for several months, but it kept bugging me, so I finally wrote him and got it off my chest! Well, I haven't heard from him since.

All his letters up until then were lovey-dovey. Do you think I made a mistake telling him I thought he was cheap? I'm sorry now. Should I write him again and apologize? I miss him, and I do love him.

GIRLFRIEND

DEAR GIRLFRIEND: A secondhand T-shirt is a firsthand indication of his chittiness. However, it's the thought, not the value of the gift, that counts. You were right to level with him, but if you love him and miss him, write and tell him so. And if you get him back, I hope you realize you'll have a man who's cheap.

DEAR ABBY: What do you think of a 20-year-old college girl who had to be bribed, coaxed and begged to help her mother clear the table, dry the dishes, make her own bed, hang up her own clothes and do her own ironing?

When she's away at college, she lives at the dorm and ships her laundry home for her mother to do and ship back. She has never tried to get a summer job to help pay for her college expenses. Instead she goes out every night and sleeps until noon. Ever since she was a young girl, she has expected me to be her slave. Why?

HER MOTHER

DEAR MOTHER: Because somewhere along the line she was given the impression that she could get away with it. And apparently she was right.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope please.

THE NEWS IN BRIEF

NATIONAL

BOSTON (AP)—Some of the city's prominent residents may find pictures of themselves on wanted posters along with the amount of delinquent property taxes they owe. The city is planning to put the pictures of tax delinquents on wanted posters in various public spots. Details of the campaign are still sketchy, according to George Regan Jr., Mayor Kevin H. White's press secretary, but the posters were expected to be up this week.

BARROW, Alaska (AP)—The Eskimos, who have survived 2,000 Arctic winters through subsistence hunting, could face tougher winters if a ban is upheld on killing the bowhead whale, which is on the endangered species lists. The International Whaling Commission, meeting in June in Australia, unanimously approved a ban on killing—including subsistence hunting—of the bowhead, a slow-moving mammal whose head is almost a third of its length.

WASHINGTON (AP)—Atty. Gen. Griffin Bell is asking President Carter to help return South Korean businessman Tongsun Park to the United States to face a trial in connection with alleged influence-buying in Congress. Bell, describing Park as "a fugitive from American justice," made his appeal to the President on Tuesday. "We're ready to go to trial immediately," said Bell of Park, who has been

named in a 36-count felony indictment on charges of bribery and corruption.

WASHINGTON (AP)—After 13 years of negotiations, the United States and Panama will sign a treaty tonight that would turn the waterway over to the Panamanians by the year 2000. But the treaty-signing ceremony doesn't guarantee that the negotiators' agreements will stand. The treaty must still be approved by the Senate and by the Panamanian voters in a plebiscite.

INTERNATIONAL

PEKING (AP)—Vice Premier Teng Hsiao-ping says President Ford promised to break diplomatic relations with Taiwan if he was elected, but the Carter administration offered only to reduce the American embassy there to a liaison mission in exchange for full ties with Peking. At a meeting Tuesday with 13 executives and directors of The Associated Press, Teng said efforts to normalize U.S.-Chinese relations suffered a setback during the visit of Secretary of State Cyrus R. Vance.

COLOGNE, West Germany (AP)—The kidnapers of West German industrialist Hanns Martin Schleyer are reported demanding the release of 14 jailed radicals and publication of a manifesto. A televised government announcement Tuesday night acknowledged receipt of a ransom letter from the kidnapers and indicated that the statement would be published.

Last Week's Winner: Lyn Coles Hazel

Hewitt Wins Match Play At Murray Country Club

Buddy Hewitt, Al Lindsey and Joe Rexroat have joined Darold Keller in the winners' circle of the men's annual match play golf tournament at the Murray Country Club.

Hewitt, Murray State University's golf coach, had little trouble brushing aside Bobby Fike's bid for the championship flight laurels, winning 9 up and 8 in their scheduled 36-hole match. It was the ninth time in his career that Hewitt has captured the match play championship at the club.

Lindsey found the going a bit rougher in his match with Don Robinson for the first flight championship. They were all tied up at the end of their 18-hole match before Lindsey took the first hole of a sudden death playoff for the championship.

Rexroat won the second flight championship with a 4 and 2 win over one of his regular playing companions, Clyde Adkins, in their Labor Day afternoon shootout.

Earlier, Keller had defeated Scott Seiber in the finals of the third flight to win that championship.

In the championship flight finals, Hewitt posted an even par 36 on the front nine and made the turn two up on Fike, having taken the 3rd, 5th and 6th holes, while Fike captured the 9th with a birdie putt. It turned out to be the only hole he was to win in the match.

On the back nine of their first round around the 6,338-yard layout, Hewitt went one

under par for a 71 on the 18, reaching the half-way mark eight up. He took the 11th with a par, the 12th and 14th with birdies and the 16th, 17th and 18th with pars.

Both played the next eight holes in two over par, halving the holes as they came to them, before Hewitt made it 9 up and 9 to go with a par on the 410-yard 27th hole. The match ended on the 28th green when both posted par 4s.

In his match with Adkins, Rexroat took the par-3 second hole with a par and the 405-yard 5th with another before Adkins could draw blood, taking the 6th with a par. Both parred the next two holes before Rexroat made it two up at the 9th with a par, posting a 39 to Adkins' 41.

After making the turn, Rexroat increased his advantage to 3 up with a par at 10, but Adkins got it back at the 11th with a par. Rexroat then parred the 325-yard 12th to go 3 up again. The next three holes were halved before Rexroat took the 560-yard 16th with a par five to end the match, 4 up and 2 to go.

Awards to the winners in both the club's medal and match play tournaments will be presented Thursday night, Sept. 15, at the club's regular, monthly Stag Night activity. Buddy Buckingham is the chairman, and serving with him are John Gregory, Chad Stewart and Bobby Johnson. Reservations may be made by contacting any one of the committee.

Fisk Drives In Seven Runs As Red Sox Romp

By HERSCHEL NISSENSON

AP Sports Writer • Carlton Fisk has opened his stance and kept the Boston Red Sox close to the top in the American League East.

The Red Sox made it five victories in a row by handing the Toronto Blue Jays their 11th consecutive setback, 11-2. Fisk drove in seven runs with a spoiled-inning grand slam that spoiled Mike Darr's major league debut and a three-run homer in the eighth off Pete Vuckovich.

Royals 10, Mariners 0 While Cowens was having his big night, Fred Patek and Amos Otis also homered as the Royals remained 5½ games ahead of the White Sox in the AL West. Paul Splittorff allowed two hits over the first six innings before giving way to Randy McGilberry, who made his major league debut. Mark Littell took over in the ninth and the trio combined to allow the Mariners just four hits as Kansas City won its seventh game in a row and 18th in the last 21.

Yankees 8, Indians 3 Lou Piniella's tie-breaking solo homer in the sixth inning and a three-run shot by Reggie Jackson in the seventh were

the key blows as the Yankees ended a brief two-game skid and remained 2½ games ahead of Boston. Piniella's homer off Dennis Eckersley gave the Yankees a 3-2 lead in the sixth.

Orioles 7, Tigers 2 Dave Skaggs and Al Bumbry drove in two runs apiece and Eddie Murray and Ken Singleton homered to help Mike Flanagan win his 11th game. Skaggs doubled home two runs in the Orioles' five-run second inning while Bumbry singled a run across in that inning and doubled home another in the sixth.

White Sox 7, A's 2 Wayne Nordhagen, pinch hitter Oscar Gamble and Henry Cruz homered to pace the Chicago attack as Vida Blue suffered his 17th loss in 30 decisions.

Twins 7, Rangers 4 Dave Goltz survived a shaky start — Texas scored three runs in the first inning — and allowed just one run and four hits over the final eight innings to notch his 17th victory in 25 decisions. Larry Hisle and Lyman Bostock homered for Minnesota and the Twins battered ex-teammate Bert Blyleven for five runs in 3-2-3 innings.

FIRST LAKER TD—The first touchdown in the history of Calloway County High came on this play as John Canady went 46 yards up the middle for the score. Leading Canady is teammate Troy Garland (30).

(Staff Photos by Mike Brandon)

DOWN WITH DICKERSON—Fulton City fullback David Dickerson, who is the second string fullback for the varsity Bulldogs, gets pulled down by cornerback Roy Williams of the Laker jayvees. Behind Williams is Timmy Graham.

Lose 22-8 To Fulton City

Calloway Jayvees Impressive Even Though Dropping Opener

By MIKE BRANDON
Lester & Times Sports Editor

Last week, the first football game ever in the history of Calloway County High School found the Laker freshman team losing 34-0 to Crittenden County.

After the game, Laker coach Stan Outland said he felt his junior varsity club, which was yet to open its season, would do better in their first game.

The first game for the Laker jayvees came Tuesday evening at Calloway. And though they didn't win the game, the Laker junior varsity played impressive ball in a 22-8 loss to Fulton City.

"I guess I was sort of half-way pleased," Outland said. "We just didn't have enough offense. The boys are not picking up the plays fast enough for me to institute my offense as quickly as I'd like to. But give us a couple of more games and we'll be well-adjusted to our offense," Outland said.

Though there were some costly mistakes on offense and though the offensive unit completely broke down on several occasions, the Lakers still managed to look respectable. They did manage to gain about 125 yards on the ground.

Forty-six of those yards came on one play and sent a large crowd of Laker fans to their feet early in the second quarter as the first touchdown ever in the history of Calloway County High School was scored.

On a first and 10 from the Fulton City 46-yard line, John Canady took the ball and broke loose up the middle. After going about 15 yards, he almost went down but regained his balance and flew on into the endzone.

"It was just a power play up the middle," Outland said of the touchdown run. "There was some good blocking up on the line to open the hole and Canady is a good runner. When he gets some daylight, he'll pick up the yardage for us. Pound for pound, he hits harder than anyone on the team," Outland added.

The Lakers did something a bit different on the try for the two-point conversion. "We spread our offensive formation and split our line out away from the ball and didn't go with a huddle. It's the element of surprise and if it works 50 per cent of the time, then you're ahead," Outland said.

The play worked. Troy Garland had enough room to nearly walk into the endzone for the conversion. And so for the first time in the school's history, the Lakers had a lead in a game.

Throughout the first period, the Lakers played a scrappy defense and got some good punting to keep Fulton City on their own side of the field. But in the middle of the second period, the Lakers got caught napping.

On a first and 10 from the Laker 45, Bulldog quarterback Greg Hagan fired a 38-yard pass to Dave Dickerson out of the backfield and Fulton City had a first and goal at the seven.

On a third and goal from the five, Hagan flipped a scoring pass to John Whitsell and Calloway's lead was 8-6. Tailback Jerry Wade ran in the conversion to tie the game.

The game remained tied throughout the second period as the Lakers remained extremely tough on defense. But

early in the third period, a couple of big gains by the hulking Dickerson put the Bulldogs all the way down to the Laker 20.

Dickerson was given a brief rest after his last carry set up a first and 10. On the first play from scrimmage, Dickerson's replacement, David Craven, gave a lead block to the left side and Jerry Wade followed 20 yards to paydirt for the go-ahead score. The conversion pass was broken up on a nice play by Roy Williams of the Lakers. Williams leaped into the air and batted the ball away from Fulton's John Jolley, leaving the Bulldogs with a 14-8 lead.

Late in the third period, a 44-yard pass from Hagan to Wade put the Bulldogs on the Laker six. But on a third and goal from the three, Fulton fumbled the ball and the Lakers recovered.

After getting a first down, the Lakers then fumbled the ball and Fulton took over on the Laker nine with about eight minutes left in the game. A holding penalty took away an immediate scoring threat but on a third down play from the 20, the Bulldogs pulled an end-around pass with the ball going from Greg Greer to John Jolley for the TD.

On the conversion pass, the ball was tapped away by a Laker defender but split end Eltoro Patton of the Bulldogs made a sensational midair catch and the Bulldogs led 22-8.

The Lakers threatened one more time late in the game as Troy Garland carried the ball from the Bulldog 47 down to the 16 but time ran out before Calloway could score.

"I felt we played pretty well on defense except for a couple of breakdowns on pass plays. We knew they were coming but the breakdowns just came from inexperience," Outland said.

Purcell Beats Best German In U. S. Open

Mel Purcell of Murray has advanced in the first round of the United States Junior Tennis Open at Forrest Hills, N. Y.

In a match with the number one junior play from Germany, Purcell won 6-2, 1-6 and 6-3.

Today, in the round of 16, Purcell will take on the top junior player from Czechoslovakia. Only the top junior players from around the world were invited to play in the tourney.

Grass Farm

VANCEBURG, Ky. (AP) — Evidence from a marijuana raid on a farm owned by New York Yankees pitcher Don Gullett will be presented to a Greenup County grand jury, says Commonwealth Atty. Jack Kibbey.

The 882 plants, weighing 2,800 pounds, were confiscated Aug. 1 on the farm near Lynn, Ky., Gullett's hometown.

A state police spokesman in Ashland said Tuesday that no arrests had been made in the case. Carter previously stated Gullett was not a suspect in the case, but two other men were under surveillance.

However, he said there was not enough evidence to make arrests and that the grand jury will be asked to decide whether arrests will be made.

"We got good defensive end play from Mark Herndon and Jimmy Scruggs and I was also pleased with our tackle play from Howard Garland and freshman Richard Young. I felt Tim McAllister, another freshman, played very well at linebacker as did Troy Garland. Roy Williams also did a heck of a job at cornerback."

"Offensively, I thought Canady was our top performer and Williams did a good job at fullback. Roy Williams also played pretty well at fullback and I was very pleased with David Brandon's running on the kickoffs," Outland added. One person who was im-

pressed with the Laker performance was Fulton coach Gwin Wood.

"They surprised me. They were a lot better than what I expected," Wood said.

"They were very well coached and it looked like to me they ran a very complex offense, which for a first-year team is quite an accomplishment in itself."

"I remember when Ballard and Heath and some of the others first started their programs and I have to say that comparing them with other first-year teams, they have quite a future for football at Calloway County," Wood added. Wood said he was surprised

with the passing game from his own team.

"Hagan is our third-string varsity quarterback and he had six of eight passes for 77 yards. I didn't think he could pass that well. We had 120 yards on the ground and Dickerson had 48 of those," Wood added.

Dickerson is the second string fullback for the varsity Bulldogs, who are off to a 2-0 start.

For Laker fans, the next chance to see more football will come Thursday when the Calloway freshman host Heath to a 5 p.m. contest.

The Laker jayvees will play Heath at home at 5 p.m. Monday.

Top-Seeded Borg Withdraws At U. S. Open Because Of Injury

By FRED ROTHENBERG
AP Sports Writer

FOREST HILLS, N.Y. (AP) — A computer, in its infinite wisdom, spewed out the seedings at the U.S. Open Tennis Tournament, predicting that top-seeded Bjorn Borg of Sweden would meet No. 2 Jimmy Connors in the finals, a rematch of their grand, five-set thriller at Wimbledon earlier this summer.

The computer didn't know about the pectoral muscle. It didn't know about pain. So it certainly didn't expect Borg, the Wimbledon champ, to be

sitting on his stool when the bell rang for the second game of his third set with Dick Stockton of Dallas on Tuesday.

And the computer never will understand that only the severest kind of pain to his injured muscle could make the 21-year-old Swede default his fourth-round match, robbing him of the chance to win the only major tournament that has eluded him.

"I'm very disappointed. I wanted to do really well this year, especially after coming so close (second) last year," said Borg after he defaulted his match to Stockton 3-6, 6-4, 1-0. "This was the worst. It was much too painful to serve, and what can you do if you can't serve?"

So there will be no rematch with Connors, no new data for the computer in its effort to decide whether Borg or Connors is No. 1.

Connors downplayed Borg's default. "He's out of the tournament? Oh," he deadpanned. Then he joked, "I got one round farther than he did, maybe I'm No. 1 on the computer now."

He was certainly No. 1 on the court Tuesday night when he devastated Roscoe Tanner, the No. 11 seed from Lookout Mountain, Tenn., 6-0, 6-2 in a match that took 55 minutes only because it takes time to change courts every odd game.

Connors and Stockton joined Manuel Orantes and Brian Gottfried Tuesday in advancing to the quarter-finals of the Open. Orantes, of Spain, the No. 5 seed who is playing marvelous tennis, easily handled 18-year-old John McEnroe of Douglaston, N.Y. 6-2, 6-3.

Stockton was to meet Harold Solomon of Silver Spring, Md., and Guillermo Vilas of Argentina was scheduled to play Ray Moore of South Africa in the quarter-finals today.

Five more women Tuesday moved into the quarter-finals, including top-seeded Chris Evert, who whipped Nancy Richey, San Angelo, Tex., 6-3, 6-0.

Miss Evert meets Billie Jean King, a four-time champion here and the No. 7 seed, tonight in a quarter-final match. Other women winners Thursday were Wendy Turnbull of Australia, Wimbledon champion Virginia Wade of England, Mima Jausovec of Yugoslavia and second-seeded Martina Navratilova, the Czech expatriate now making her home in Dallas.

In today's other women's quarter-final matches, phenomenal Tracy Austin, the 14-year-old retriever from Rolling Hills, Calif., was matched against 32-year-old Betty Stove of the Netherlands.

It's A Small World Of Football

A purchasing agent for a meat company, a high school football coach, a New York businessman and a farmer. Where in the world would you find all of those people at on a Saturday night?

This past Saturday, they were all in Cape Girardeau. They had come to see their alma mater, Murray State, open its football season with a 13-6 win over Southeast Missouri.

Sure. There are people who have never been to class in South Bend and yet, they go to every Notre Dame football game. But let's take a little glimpse into a typical MSU game.

The phone begins ringing in Bill Furgerson's office early Monday morning. From Ohio, New Jersey, New York, Tennessee, almost anywhere east of the Mississippi, people call up and extend their best wishes to Furgerson and his staff.

By late Monday afternoon, the ticket list begins to grow. Former players, parents and coaches have all requested tickets. By the middle of the week, the motels are beginning to get bogged down with calls.

And then comes Saturday. But guess what. We are not describing Homecoming weekend, nor are we talking about even a home game. Because all of the things mentioned took place last week and the motels were all in Cape.

Here's part of the list at Cape Saturday:

Former Racer Jay Waddle, now a farmer, came all the way from Ohio, former Racer Charlie Reeves came from Mississippi, former Racer defensive end Matt Schappert came down from New Jersey, Harry Hina came in from Atlanta, former Racers Bruce Farris, David McDonald, Don Portell, Kent Ward, Al Martin, and Chuck Wempe were there.

Here's the next list: Larry Foxwell, Gary Brum, Jeff Braten, Bobby Craig, John Farris, Jeff Boyd, Chuck Marquess, Tony Boone, Doug Shelton, Cecil Wolberton, Tony Franklin, Dennis McGee, Jeff Parks, Bud Foster, Randy Jones, Chris Robbins, Mike Dickens, Bruce Raley, Thomas Wright, Steve Wilson and David Thomas.

Recognize them? They are all members of the MSU football team of course. And their families came to Cape for the game.

In addition, about half of the town of East Prairie, Mo., was on hand to see freshman tailback Danny Lee Johnson of the Racers. Johnson didn't disappoint them either as he came up with a 46-yard TD run.

"I even saw Al Cope over there," said Racer head coach Bill Furgerson.

"He played on the team back when I did. Just about everytime we go somewhere in the area I usually run into someone who played on the team with me," Furgerson added.

The group of MSU fans and alumni had reserved a few rooms at the Howard Johnson Motor Lodge. There were so many people in town, the reception spilled over into a couple of more motels. It would be quite safe to say that if there were a crowd of 10,000 people at Cape this past Saturday, at least 1,500 were from Murray, or let's say, were FOR Murray.

One of the former Racers at the game, Matt Schappert, is now working with a corporation in the New York metropolitan area and living in north New Jersey.

"I have relatives in this area and since this is my vacation, I decided to come to Cape and see the first game," Schappert said.

"I called up Jay Waddle, Dave McDonald and Al Martin and a few other guys to see if they were going to make it. I was thrilled we won the game. It really made it a nice night.

"There were some other guys up in 'Jersey who would have liked to come down but they were involved in coaching and couldn't make it.

"Just the other day, I was talking with Dick Cox. He was known as quite an offensive player at Murray and now he's a defensive coach up in 'Jersey. And believe it or not, he was named as the defensive coach of the year in New Jersey last year.

"He said he'd like to send a couple of his high school players down here to play for MSU," Schappert added.

So based upon the record over the past and of course, the fans who come to the games, you have a pretty good idea of how to judge a football program. Right?

Well, there's one more area. All of these following people are former Racer gridgers. Now, all are coaching football: Al Martin at DuQuoin, Ill., Don Hettich in Louisville, Mike Hobbie in Florida, Mike Lacy in Georgia, Buff Fritts in Ohio, Russ Carlisle at Paducah Tighman, Flip Martin at

Reidland, Bruce Walker at Murray High, Charlie Carpenter in Cincinnati, Donnie Williams at Louisville Western, Roger White in Alabama, Gerald Young at Henry County, Tn., Bill Bona also at Henry County along with Jimmy Counts, Tolly McClatchie at McKenzie, Mack Etheridge in Mississippi, Hiram Sanders, at Mayfield, Jimmy Harrell at Trigg County, Rick Fisher at Murray High, Stan Watts at Fulton County and Dennis Fisher at Fulton County.

The list could be stretched even farther but those are just part of a group of coaches who all come from the ranks of MSU football players.

In fact, there are more requests for coaches than can be handled.

So you see, it's rough. People calling up all the time, wanting motel rooms, free tickets, passes into the Racer Room, football coaches....

Not many schools the size of Murray have problems like that and it simply shows that the football program at Murray has been and will continue to be a success.

SUPER PLAY—Roy Williams (12) of the Lakers made a brilliant play on this conversion pass into the endzone to save two points after a Fulton City TD. Williams leaped and then lunged to bat away the ball which was intended for Greg Greer of the Bulldogs.

TOUGH BOTH WAYS—Jerry Wade (24) of the Fulton City junior varsity football team proved to be tough both ways Tuesday. Here, Wade knocks down a pass intended for Mark Herndon of the Lakers who gets hit a split second after he touched the ball, thus there was no pass interference. On the offensive side of the board, Wade scored one touchdown and added a two-point conversion in helping the Bulldogs to a 22-8

Son Of Yogi Berra Singles To Give Pirates Victory Over Phillies

By The Associated Press

The Berra bat is still about the kid," said Philadelphia Manager Danny Ozark after the Phillies' lead over Pittsburgh dropped to six games in the National League East.

Dale Berra, hoping to emulate his famous father tradition Tuesday night with a run-scoring single in the 11th inning to give the Pittsburgh Pirates a 5-4 victory over the Philadelphia Phillies.

"Yogi always did brag about the kid," said Philadelphia Manager Danny Ozark after the Phillies' lead over Pittsburgh dropped to six games in the National League East.

The son of the New York Yankee Hall of Famer had been summoned from the minor leagues last month after second baseman Rennie

Stennett was injured. Berra began Tuesday night's game with two hits in 15 at-bats for a .133 average and had driven in one previous run. Berra was 0-for-4 in the game before his big hit.

"Sure, I was nervous," he said. "But I'm always nervous. I'm a hyper person. But I guess there are a lot of other nervous guys in the big

leagues and I don't think it will be a problem."

Dodgers 3, Padres 2
Mike Ivie's two-out, bases-loaded throwing error in the 10th inning allowed Bill Russell to score the winning run as Los Angeles defeated San Diego.

With two down in the 10th, Russell beat out an infield hit against Dan Spillner and stole

second. Spillner then walked Reggie Smith and Ron Cey to load the bases. Steve Garvey chopped a grounder to Ivie, whose throw to first was in the dirt and could not be handled by first baseman Gene Richards.

Astros 5, Reds 3
Art Howe drove in three runs and Joaquin Andujar notched a victory in his first

start since July 14 as Houston beat Cincinnati. Andujar, 11-5, surrendered all the Cincinnati runs in his six innings of work as the Astros won their 11th game in 12 starts.

Cardinals 3, Cubs 1
Ted Simmons drove in two runs with a homer and a single and Lou Brock ripped three hits and stole two bases to lead St. Louis over Chicago.

Winner Tom Underwood, 8-10, was nixed for a run in the first inning, but went on to record his first complete game of the season.

Mets 5, Expos 3
Rookie Steve Henderson drove in three runs with a pair of singles to power New York past Montreal. Henderson cracked a two-run single off Montreal starter Fred

Holdsworth, 2-1, in the sixth to provide the decisive runs.

Giants 12, Braves 2
Willie McCovey, Darrell Evans and Gary Thomasson combined to drive in 10 runs, backing the five-hit pitching of Bob Knepper and leading San Francisco over Atlanta.

Knepper, 8-7, had a shutout until the seventh, when Vic Correll hit a sacrifice fly.

Deaths and Funerals

Houston Cathcart Dies; Was Father Of Murray Woman

Houston R. Cathcart, father of Mrs. Mable Percy of Murray, died Tuesday at 8:30 a. m. at his home at 226 Oak Street, Mayfield. He was 91 years of age.

The deceased was a member of the First Baptist Church, Mayfield, where he had retired as custodian. Born July 22, 1886, he was the son of the late Tom Cathcart and Emma Decson Cathcart.

Mr. Cathcart is survived by his wife, Mrs. Mattie Lawrence Cathcart, Mayfield; two daughters, Mrs. Percy of Murray and Mrs. Ula Mae McClanahan of Detroit, Mich.; one son, Grover Cathcart, Detroit, Mich.; one step son, Luckey Weeks, Houma, La.; one sister, Mrs. Jewell Moore, Graves County; six grandchildren.

The funeral will be held Thursday at 1:30 p. m. at the chapel of the Roberts Funeral Home, Mayfield, with the Rev. John Huffman and the Rev. Charles Dinkins officiating.

Serving as pallbearers will be Ned Bullock, Otis Gary, Raymond Bryan, Harry Vandergriff, Neal Bushart, and Weldon Johnson. Burial will follow in the Maplewood Cemetery at Mayfield.

Friends may call at the funeral home.

Funeral Is Today

For A. B. Smith

Funeral services for A. B. (Jack) Smith are being held today at two p. m. at the Mt. Hebron United Methodist Church at Backsburg, where he was a member, with the Rev. Johnson Easley and the Rev. Jim Glass officiating.

Sons and grandsons are serving as pallbearers and burial will follow in the Mt. Zion Cemetery with the arrangements by the J. H. Churchill Funeral Home.

Mr. Smith, age 94, a resident of Kirksey, died Sunday at Foley, Mo. His wife, Mrs. Janie Hart Smith, died in 1948. A retired blacksmith, he was born January 11, 1883, and was the son of the late Charles Smith and Bell Bean Smith.

He is survived by two daughters, Mrs. Hilda Hughes, St. Louis, Mo., and Mrs. Dorothy Craig, Long Beach, Calif.; two sons, Udel Smith, Kirksey, and Howard B. Smith, Foley, Mo.; one sister, Mrs. Dolly Davis, Bloomington, Texas; several grandchildren.

Mrs. Mary Timmel Dies This Morning

Mrs. Mary Timmel of Murray Route Six died this morning at 8:45 at the Murray-Calloway County Hospital.

She was 71 years of age and the wife of Carl Timmel who died July 12, 1973. Born July 16, 1906, in Evansville, Ind., she was the daughter of the late Mr. and Mrs. Harry Schriver.

Survivors include two daughters, Mrs. Randy (Elizabeth) Tardy of Little Rock, Ark., and Mrs. Joe (Carleen) Belcher, Murray Route Six.

The J. H. Churchill Funeral Home will be in charge of the funeral arrangements which are now incomplete.

Mrs. Elisha T. Orr

Dies Today With

Rites On Thursday

Mrs. Elisha T. (Joy) Orr of 1508 Canterbury, Murray, died this morning at 4:30 at the Murray-Calloway County Hospital. She was 61 years of age and her death followed an extended illness.

The Murray woman was a member of the Oak Grove Baptist Church. Born May 18, 1916, in Henry County, Tn., she was the daughter of Arlin Paschall, who survives, and the late Commilous Wicker Paschall.

Mrs. Orr is survived by her husband, Elisha T. Orr, to whom she was married on January 22, 1938; her father, Arlin Paschall, Route Three, Puryear, Tn.; two daughters, Mrs. Charles (Carolyn) Guthrie, Hazel Route One, and Mrs. Jerry (Karen) Shekell, Paducah Route Three; one sister, Mrs. Adolphus (Reba) Paschall, Route Three, Puryear, Tn.; two brothers, Hildred and Othel Paschall, Hazel Route One; four grandchildren.

She was a member of the Oak Grove Baptist Church where funeral services will be held Thursday at two p. m. with the Rev. Virgil Blankenship and the Rev. Phillip Mansfield officiating.

Burial will follow in the Oak Grove Cemetery with the arrangements by the Blalock-Coleman Funeral Home where friends may call after four p. m. today (Wednesday).

Mrs. Robbie Lupa Dies Tuesday With Funeral At Dover

Mrs. Robbie Lee Lupa, sister of Mrs. Willie Garland and Mrs. Olene Barrow of Murray, died Tuesday at 10:15 a. m. at the Henry County General Hospital, Paris, Tn. She was 70 years of age and the wife of John J. Lupa who died November 24, 1973.

The deceased was a member of the Temple Baptist Church at Paris, Tn., but was a resident of Route Two, Dover, Tn. Born May 14, 1907, in Stewart County, Tn., she was the daughter of the late Joel Pettitt and Eunice Spiceland Pettitt.

Mrs. Lupa is survived by four daughters, Mrs. Onedia Poppie, West Memphis, Ark., Mrs. Faye Decie, Sanford, Maine, Mrs. Kay Melton, Dover, Tn., and Mrs. Kathleen Mullins, Scottsboro, Ala.; four sons, James H. Bailey, Peoria, Ill., Vernon E. Bailey, Fort Oglethorpe, Ga., Joe Loman Bailey, Tennessee Ridge, Tn., and Clayton R. Futrell, Tacoma, Wash.; two sisters, Mrs. Garland and Mrs. Barrow of Murray; twenty-four grandchildren; seven great grandchildren.

Funeral services will be held Thursday at two p. m. at the Memorial Chapel of the Anglin Funeral Home, Dover, Tn., with the Rev. Richard Skidmore officiating.

Pallbearers will be John T. Bailey, Warren Bailey, George Perkins, James Filson, Allen Sykes, and Tony Melton. Burial will be in the Pettitt Cemetery in Stewart County, Tn., with the arrangements by Ridgeway Morticians, Paris, Tn.

Friends may now call at the Anglin Funeral home at Dover, Tn.

Arraignment Set In Shooting Of Trooper

SHEPHERDSVILLE, Ky. (AP) — His bond set at \$520,000, arraignment is scheduled Oct. 4 for an Indiana man who is charged with shooting a Kentucky State Police trooper.

Child Actress Injured In Wreck

LOS ANGELES (AP) — Child actress Danielle Spencer, who plays the cynical little sister in the ABC-TV situation comedy "What's Happening," is in "guarded condition" after a three-car accident that killed her father, a hospital spokeswoman says.

The 12-year-old Danielle was in the intensive care ward of Santa Monica Hospital Medical Center after undergoing surgery, the spokeswoman said late Tuesday.

Her father, Timothy Pelt, died at the same hospital from injuries sustained in the Tuesday morning accident in Santa Monica.

The driver of the second car, Zev William Litenatsky of Los Angeles, was hospitalized in guarded condition with possible fractured ribs and internal injuries. His passenger, Ronit Cohn, 13, of Beverly Hills was treated for head, arm and leg bruises.

Police said Pelt's station wagon collided with Litenatsky's car, and both cars sideswiped a van. The driver of the van was unhurt.

Monty Cathey Is Promoted

AGANA, Guam — Senior Airman Monty S. Cathey, son of Mr. and Mrs. W. B. McCuiston of 1606 Loch Lomond Drive, Murray, has been named Outstanding First Term Airman of the Quarter at Andersen AFB, Guam.

A telecommunications center specialist, Airman Cathey was selected for professional skill, duty performance and exemplary conduct. He is assigned to the 27th Communications Squadron, a part of the Air Force Communications Command.

The airman is a 1972 graduate of Murray High School and attended Murray State University.

Mrs. Wallace Is Leaving Governor

MONTGOMERY, Ala. (AP) — With her six-year marriage to Gov. George C. Wallace apparently coming to an end, Cornelia Wallace has instructed her attorneys to "do what is necessary" to protect her.

Whether that means a divorce, Mrs. Wallace, 38, wouldn't say for certain Tuesday, as she had her personal belongings moved from the executive mansion.

But Montgomery attorney Ira DeMent said Tuesday evening that he and two other attorneys representing Mrs. Wallace — George Dean of Destin, Fla., and John Kohn of Montgomery — soon will discuss with the governor's attorney an "amicable settlement."

DeMent said the governor was told Tuesday afternoon as his wife supervised the packing of her belongings that his attorney would be contacted.

Michael Faulkner, 22, of Indianapolis, Ind., appeared in Bullitt County Court Tuesday before Judge Arson Moore, who postponed arraignment because the defendant did not have an attorney.

Faulkner was arrested Friday by scores of state troopers and local police following a careening, high-speed chase.

Faulkner, who is lodged in

the Bullitt County Jail, is charged with the attempted murder of State Police Sgt. Herbert Gibson on Interstate 65 — the incident that started the chase.

Gibson, who was wounded in the neck, was listed in serious condition Tuesday at Louisville General Hospital.

A state police spokesman said Gibson's condition had improved, and that paralysis that had affected his body from the neck down now affects only his left side below his waist.

Gibson was shot after he stopped a car on I-65 in connection with the theft of \$25 from a service station on the interstate.

State Police and officers from three counties joined forces along Interstate-65 near Shepherdsville to look for the man who shot Gibson.

Police said the man they arrested, later identified as Faulkner, had stolen a car,

sped north for about 2 1/2 miles in the southbound lane of I-65 and crashed the car as he tried to elude a police roadblock at the Shepherdsville exit.

Moore appointed public defender Charles Sanders to represent Faulkner.

In addition to the attempted murder charge, Faulkner is charged with first-degree assault and two counts of theft by unlawful taking in connection with the auto theft.

State Police Detective Ted Hettel said Faulkner also is named in four fugitive warrants, involving an escape from custody in Clearwater, Fla.; theft of an automobile in Marietta, Ga.; theft of an automobile in Evansville, Ind., and robbery of a business in Marion County, Ind.

Bullitt County Atty. J. Chester Porter recommended the \$520,000 bond on the four charges related to last Friday's incidents. He said the case will go to the Bullitt County grand jury on Oct. 3.

COOKING CORNER

Block Party Brings New Neighbors Together

By ANN UDDBERG

There was an old fashioned Labor Day Block Party in one of Murray's newest and fastest growing areas this year. About forty residents of Lynnwood Court and Cardinal Street got together over a potluck supper and in the process became better acquainted. For several years Lynnwood Court has been very stable. Six families shared this block long street. There were no homes on Cardinal.

Now, within the past six months three new homes have been added to Lynnwood and four built on Cardinal. Plus a few of the original homes in the neighborhood had changed hands. All in all, it was a neighborhood of virtual strangers.

Barbara Priddy, a long time resident, decided that a party was the best way to remedy this situation. Calls were made and everyone responded enthusiastically. The party was called for 5:00 p.m. on Monday, Labor Day. By 4:00 the neighborhood children were already on the scene helping with folding tables, grills, and running errands. There was excitement in the air.

Three grills were fired up. Everyone brought their own meat. There was an array of hamburgers, hot dogs, steaks and Polish sausages. Some families were asked to bring a vegetable dish, others salads, desserts, breads or drinks. Paper plates, plastic forks, waxed cups were all on hand to keep things as simple as possible. Cathy Wade received lots of help in arranging the dishes from adults and curious children as well. Name tags were on hand to help people identify each other.

Comradarie was gradually built as people shared barbecue tools, pot holders, and built fires. (They held discussions over the best way to get grills started and to tell

when meats on the grill were ready to eat.) Others were checking out the food, keeping flies away, and running after last minute forgotten articles. Children were everywhere doing what children always do.

Things were going smoothly when Mother Nature decided to come to the party and drenched everyone in a downpour. There was much running about, shouts of "save the bread" from Roy Smith, and "Where's the toffee?" from his son Wade. Almost everything was salvaged and brought to either Larry Wade's garage or Forrest Priddy's family room. Somehow people kept on eating, talking, and laughing. The children loved it. The rain was better than going swimming! During the confusion Chrisey Beane, 3-year-old daughter of Linda and Alan Beane, "found" a very wet cat she wanted to take home.

After the storm, while everyone including various family pets were cleaning up, there was much talk of let's do it again, and next time. I do hope it all comes about because if everyone could have a good time in the rain, think of how much more fun it could be if everyone stayed dry!

The residents of Lynnwood-Cardinal are sharing some of the recipes from their party with you today. They are all very good slightly wet, but excellent dry.

Glenda Smith's English Toffee
serves 8-9

1/4 c. butter
1 c. powdered sugar
3 whole eggs
1 1/2 squares unsweetened chocolate or 2 packages liquid chocolate
1/2 t. vanilla
1/2 c. chopped nuts
1 Graham cracker crust
1/2 pint whipping cream
Cream together the butter and powdered sugar. Add eggs

one at a time and beat until smooth after each addition. Add the chocolate and vanilla. Stir in the chopped nuts. Pour entire mixture into pan lined with Graham Cracker crust. Top with the whipping cream. Chill several hours before serving.

Doranda Craig's Rice Casserole
serves 6-8

1 c. raw rice
2 cans beef bouillon
1/2 can water
1 small can mushrooms, drained
1 can water chestnuts, sliced and drained
1 t. Italian Seasoning
1 onion, chopped
1 green pepper, chopped
Saute onion and green pepper in 1/2 c. butter or margarine. Add rest of ingredients and bake in 350 deg. oven for 1 hour. Do not over bake or casserole will become dry. Best when baked in large flat baking dish.

James Beard's Sour Cream Bread
2 large or 3 small loaves

1 package active dry yeast
3 T. granulated sugar
1/4 c. warm water
2 c. (16 oz.) sour cream, at room temperature
1 T. salt
1/4 t. baking soda
4 1/2-5 cups all-purpose flour
Combine the yeast, sugar, and water, and allow to proof for 5 minutes. Put the sour cream, salt, and soda in a mixing bowl. Add the yeast mixture. Then add 4 cups of flour, cup by cup to make a very wet, sticky, dough. Beat hard after each addition. Scrape out on a floured board or counter top. Turn dough until it can be worked well with your hands. Add only enough flour to prevent sticking. Or beat with an electric mixer's dough hook. Shape the dough into a ball, place in a buttered bowl, and turn to coat dough with butter. Cover with plastic and let sit in a warm spot to double in

bulk. Punch the dough down. Knead for a minute, then divide into two equal pieces, or three. Place in buttered bread tins. Cover loosely and let rise again until doubled. Bake in preheated 375 deg. oven for 30-35 minutes. The loaves should sound hollow when tapped on top and bottom. Cool thoroughly before slicing.

French Onion Sour Cream Dip
Dip may be used for lovely flavor. Garnish top of bread with sauted minced onion.

Linda Beane's Banana Cake

Because Chrisey has some food allergies Linda likes to be sure she brings things to

picnics that her daughter can safely eat and enjoy. One of the easiest is her Banana Cake.

Linda uses a Duncan Hines Deluxe yellow cake mix, three mashed bananas, and banana pudding and uses the pudding-cake recipe found on the package. She bakes it in a tube pan for looks and easy cutting. Then she glazes it with a

powdered sugar-milk glaze. Very easy and very tasty.

Dilly Bread
1 large loaf or two small loaves
2 T. chopped onion
1 T. butter
1 package active dry yeast
1/4 c. warm water
1 c. large curd cottage cheese, heated to lukewarm.
2 T. sugar

2 t. dill seed
1 t. salt
1/4 t. soda
1 egg
2 1/2 c. all-purpose flour, sifted.
Saute onion in butter until tender. Proof yeast in warm water. In a mixing bowl combine the cottage cheese, sugar, onion, dill, soda, salt. Add the egg and yeast. Mix well. Add enough flour to

make a stiff dough, beating well. Cover and let rise until double in bulk. Punch down and knead briefly. Place in buttered bread tins and let rise again. Bake in preheated 350 deg. oven for 50-55 minutes. Cover with foil the last 20 minutes or so to prevent over browning. Brush top with soft butter and sprinkle with coarse salt.

Residents of the Lynnwood Court area got together for a Block Party on the afternoon of Labor Day. The party was cut short by a sudden rainstorm, but the festivities were quickly moved inside to continue.

Carroll Extends State Policy

FRANKFORT, Ky. — Gov. Julian Carroll in an Executive Order dated Sept. 1 officially extended the state's policy forbidding job discrimination against the handicapped. The Order (77-831) requires all state agencies to provide equal employment opportunity to any handicapped individual who meets job-related requirements.

Recent adoption of federal regulations implementing the Rehabilitation Act of 1973 makes it unlawful for any agency receiving federal

funds to discriminate against the handicapped. While many Kentucky state agencies do not receive federal monies, the Governor said he found it consistent with the goals of his administration to require all state agencies to provide equal employment opportunity for handicapped Kentuckians.

"We are morally committed to fair and equitable treatment of all our citizens," Gov. Carroll stated, "and will continue our policy of equal employment opportunity for

every citizen who is qualified, able, and seeking work in Kentucky State Government."

Gov. Carroll said that personnel Commissioner Addie D. Stokley has pledged the Department of Personnel to do all it can to guarantee that the new regulations receive full compliance. "We are re-examining all of our job specifications for state positions to be certain that all job qualifications represent bona-fide job-related requirements," Mrs. Stokley said. "In cases where revision of job specifications is needed to assure fair treatment of handicapped persons, those revisions will be made," she added.

During recent years Kentucky's recruitment and examinations division has been a leader among the states in assisting the handicapped, according to the commissioner. "Our testing facilities in Frankfort can accommodate physically handicapped persons, including those confined to wheelchairs. Special testing tools for sight handicapped applicants include braille and cassette tape equipment," Mrs. Stokley said.

Your Individual Horoscope

Frances Drake

FOR THURSDAY, SEPTEMBER 8, 1977

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth sign.

ARIES (Mar. 21 to Apr. 20)

Happily expected, this day favors the completion of new plans, revising procedures for the balance of the week and completing all "unfinished business."

TAURUS (Apr. 21 to May 21)

Shrewd analysis before starting day's program will prevent errors, wasted time. Don't just accommodate; rather, be choosy, selective in your endeavors.

GEMINI (May 22 to June 21)

You may receive several unusual suggestions. Accept only those worth their salt. Be careful, however, not to overlook something helpful through miscalculation.

CANCER (June 22 to July 23)

There will be nothing dazzling about this day, yet it offers you a multitude of benefits if you look in the right places. Use your fine know-how.

LEO (July 24 to Aug. 23)

Fine solar influences support your best endeavors, stimulate your talents. Some excellent opportunities indicated. Go forward confidently.

VIRGO (Aug. 24 to Sept. 23)

Watch expenditures of time and assets. Know why you are doing what you ARE doing, and its consequences. Don't run with the crowd; neither ignore its influence.

LIBRA (Sept. 24 to Oct. 23)

Allow for some delays in carrying out your program but don't create them needlessly yourself. Crisp, consistent action needed to top the competition.

SCORPIO (Oct. 24 to Nov. 22)

Keep things moving, and with well-planned design. A "wait and see" attitude could only stifle enthusiasm on this somewhat problematic day.

SAGITTARIUS (Nov. 23 to Dec. 21)

Continuing good influences favor original ideas, advanced methods and clever strategies. A good period in which to put over unusual ideas.

CAPRICORN (Dec. 22 to Jan. 20)

To be successful now, ideas and plans need not be on a large scale. A series of well done "little jobs" could add up to a very important whole.

AQUARIUS (Jan. 21 to Feb. 19)

Stellar aspects indicate a day of successful moves and plans, but all will require know-how, diligence and painstaking care. Don't launch into uncharted seas.

PISCES (Feb. 20 to Mar. 20)

Here is a time for reevaluating, "pulling over to the side" to determine if you can improve your situation through new ideas or methods. Be eager to meet new challenges.

YOU BORN TODAY are intellectually inclined, affable by nature and a born producer. You have a strong drive and, if you choose business as a career, would make an outstanding success in banking, manufacturing, railroad enterprises or promotion. But you are extremely versatile, and may fit yourself for a career in the theater, where you could shine as actor or producer. If you should take up the law, you will probably wind up in the world of politics or statesmanship. In the arts, the best outlets for your talents are writing or music. No matter what career you choose, however, you will always be trustworthy, diligent and meticulous in handling details. Birthdate of Lodovico Ariosto, Italian poet; King Richard I (The Lion-Hearted), of England; Peter Sellers, film star.

Health Officials Speculate Weather Linked To Disease

COLUMBUS, Ohio (AP) — The appearance of infectious diseases at Riverside Hospital where all four confirmed cases were admitted, said the disease's recent history indicates it becomes active in late summer.

Dr. Ian Baird, director of

So far the disease has claimed the life of Catherine M. McCoy, 56, of Columbus, who died Aug. 6. Three other women, including one who recovered and was released Friday, are confirmed victims.

One other person, a 65-year-old woman, remains in serious condition at the hospital with symptoms of the disease, but a

final diagnosis is not expected from the federal Center for Disease Control in Atlanta for at least a week.

Baird said his research shows there were late summer outbreaks of pneumonia-like deaths in Pontiac, Mich., and Washington, D.C., before the infection was isolated when 29 of about 180 persons stricken with the disease died during or after an American Legion convention in Philadelphia July 21-24, 1976.

He said blood samples saved by "far-sighted health officials" in Michigan and Washington show an antibody

that is the same as those found in the blood of the Philadelphia and Columbus victims.

He said the appearance of the disease in Columbus lends more credence to the theory that the weather may increase the activity of the yet unnamed organism labeled as the cause of the disease, often undetected because its symptoms are similar to those of pneumonia.

"Really with Mrs. McCoy, we didn't know it was Legionnaires disease," Baird said. "She had rapidly progressing pneumonia and

was only sick about a week. An autopsy didn't show the disease.

"But then 10 days later, a second case — an honest-to-God identical case — was seen and we called the Ohio Department of Health and sent blood from the second case to the CDC. We sent lung tissue from the first victim. A few days later we knew what it was," Baird said.

Although he will admit there may have been earlier undetected cases of the disease in Columbus, he said he seriously doubts any deaths attributed to pneumonia

might actually have been Legionnaires disease.

"There might have been some milder cases which resolved spontaneously," Baird said. "I would not be surprised to see another one or two cases diagnosed. But I foresee no epidemic," he said.

The CDC has dispatched two specialists to Ohio to conduct the investigation into the most serious, concentrated outbreak of the disease since the Philadelphia deaths.

Since that outbreak, 30 cases have been confirmed, with three occurring six months ago in New Jersey, said Dr. Thomas J. Halpin, head of the Ohio Health Department's Communicable Disease Division.

Historic Grants Deadline Moved Up To October 1

FRANKFORT — The deadline to apply for federal and state matching grants-in-aid for restoration of historic property has been extended to October 1, according to the Kentucky Heritage Commission staff.

William Hearn, grants coordinator for the Heritage Commission, said that the commission staff anticipates having approximately \$400,000 of federal matching money available to owners of property listed on the National Register of Historic Places for stabilization and restoration grants. Federal grants, which are provided by the National Park Service, must be matched with private funds by the property owner. State matching funds are provided through the Kentucky Heritage Commission by appropriations from the state legislature.

Grants are also available for the acquisition of properties that are listed on the National Register, and for survey and planning work by local groups.

For applications and information about the grants program, contact William Hearn, Kentucky Heritage Commission, 104 Bridge Street, Frankfort, Kentucky 40601, or call (502) 564-3741.

Safety Grant Awarded

FRANKFORT — The Bureau of Kentucky State Police has been awarded a \$1,305 federal highway safety project grant, according to Transportation Secretary Calvin G. Grayson.

The grant will be used to finance specialized training in traffic accident investigation. According to the grant application, the funds will be used to send one front-line supervisor to the Traffic Institute at Northwestern University for a three-week Accident Investigation Training Program.

Kentucky has recently adopted a statewide uniform police accident reporting program, with the Bureau of Kentucky State Police designated as the agency responsible for its administration.

According to a bureau spokesman, the training received by the supervisor will provide expert help in improving the effectiveness and efficiency of the new system.

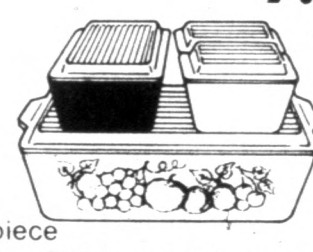

The grant, along with all highway safety project grants, is administered by the Office of Highway Safety Programs, a division of the Kentucky Department of Transportation.

WHAT ABOUT MINERALS

Minerals serve two general body functions: building and regulating. Most of your body's hard tissues, such as bones and teeth, are composed in part of minerals. The building functions also affect all soft tissues. The regulating includes many systems, such as heart beat, blood clotting, nerve responses, transportation of oxygen from the lungs to the tissues, and fluid balance.

Trace minerals are those needed in extremely small amounts compared to the larger amounts of calcium, magnesium, potassium, phosphorus, sodium and sulfur.

Calcium is the mineral present in the body in the greatest amount. It helps regulate the proper functioning of nerves, muscle tone, and blood clotting.

Chlorine, part of hydrochloric acid, is very important in the digestion of food in the stomach.

Iron, as a vital component of hemoglobin helps transport oxygen to blood and muscle cells, and carry carbon dioxide away from cells to the lungs. Iron also helps cells obtain energy from food.

Magnesium acts as a catalyst for several hundred biological reactions. It influences protein synthesis and works with calcium to provide the normal functioning of cardiac and skeletal muscle and nervous tissue.

More on value of minerals in the next column, that you might more fully appreciate the value of good nutrition and what it can mean to your family. Begin to include more natural foods in your kitchen, lunch box, and even your pocket for snacks. See and feel for yourself the difference. You are to a great extent what you eat.

If you're interested in your health, HOME & HEARTH HEALTH FOOD STORE, Lone Oak Plaza Shopping Center, Hwy. 45 So. Lone Oak Rd., 554-5222 should be your headquarters. Specializing in health foods, vitamins, minerals, food supplements and natural foods, we feature a wide inventory of quality products for your selection. We welcome you to come by and shop at the largest health food store within 150 miles. Open 10 AM 6 days a week Mon-Thurs. 10-6, Fri. 10-7, Sat. 10-5.

HEALTHY HINT:

To use up more calories in your daily life, make your actions a bit brisker. It will add up.

Sniper Kills One, Wounds Three Others Before Ending Own Life

CHARLOTTE, N.C. (AP) — A swastika-wearing white high school junior who turned an M1 carbine on a crowd of blacks at a Labor Day picnic, killing one man and wounding three other persons before killing himself, was "daffy about World War II," one of his teachers said.

Police withheld the identity of the gunman who fired at some 200 picnickers Monday while they were on an annual gathering at the Jonesville African Methodist Episcopal Zion Church.

But the Charlotte Observer today identified the youth as Kenneth Wilson, 17, who attended East Mecklenburg High School.

Acquaintances of the youth verified the gunman's identity.

Mecklenburg County police said the gunman stood about 40 feet from a softball field where some of the picnickers were playing and began firing the carbine without warning about 3 p.m.

The gunman fired 11 shots, striking four persons, as the picnickers hit the dirt and grass, police said.

The gunman then put a bullet through his throat, police said.

Lottie Carothers, organizer

of the picnic, said she saw Roosevelt Davis fall from a chest wound. Davis, 29, of Charlotte, died about 20 minutes after being taken to a hospital.

"I heard a shot and saw that boy (Davis) fall backwards," she said. "They (members of the church) told us to get down, get down. Whoever it was just kept shooting."

Witnesses said the assailant wore a light green military shirt, light brown military trousers and military boots. On his left arm was a red armband with a black swastika in a white circle.

No one could offer any motive for the shooting or explain why the youth wore a swastika.

The Charlotte Observer quoted Gene Manion, one of Wilson's junior high school teachers, as saying, "He and a friend were both daffy about World War II. You know — German planes, that sort of thing. They read about it extensively."

The friend, Doug Russell, 15, said he and Wilson talked a lot about World War II when they were classmates two years ago but he had not been close friends with Wilson since.

Jo Anne Terry, 28, of

Charlotte was in intensive care and listed in critical condition early today at Presbyterian Hospital where she underwent surgery Monday night. Joseph Walker Jr., 29, of Charlotte was in satisfactory condition with a foot wound, while Larry Eugene Smith, 15, was treated for a leg wound and released.

ANT ATTACK
WASHINGTON (AP) — A group of enraged fire ants can sting a victim several thousand times in just a few seconds, says the National Geographic Society.

When disturbed by an intruder, fire ants of both the red and black species respond by sending forth an army of defenders from their two-foot-high hills. Each ant grabs the victim with its mandibles, arches its back and jabs with its stinger more than a dozen times in rapid succession.

Fire ants, named for their fiery sting, exist in nine southern states — occupying more than 150 million acres. Scientists estimate their population between five and ten billion.

PUBLIC HEARING

A Public Hearing on the proposed Glendale Road Construction from Highway 641 South to Highway 121 will be held September 8, 1977, 7:30 p.m. City Hall Building. The following points regarding the proposed road will be discussed:

1. If no decision is made by the City of Murray in the near future, state funds will be withdrawn
2. The state will only participate in construction of a road 48 feet in width
3. Initial design will be for two lanes of traffic with two lanes for parking with the road being changed to four lanes or traffic at such time traffic warrants four lanes. This decision will be made by the state.
4. Local government will have no voice in determining when the road is changed from two lanes of traffic to four lanes
5. Upon completion of the road, it will be deeded to the state
6. Speed limit on the road will not exceed 35 miles per hour
7. The city could prohibit truck traffic on the road if approved by the state.

Let's Stay Well

Skin Spot Should Be Watched

By F.J.L. Blasingame, M.D.

Q: Mrs. R.D. writes that this spring and summer, her 11-year-old daughter has developed a brown spot about one-fourth of an inch in diameter on her left cheek. She has been in the sunlight more than usual, but this area is much darker than the remainder of her skin. The spot is smooth, not elevated, and has not been inflamed.

A: Occasionally, certain areas of a child's skin will show more pigmentation than surrounding skin. The change may be related to an increased exposure to sunlight in your daughter's case.

In view of the fact that the pigmentation has appeared only recently and has not looked inflamed, I suggest that you try applying a sunscreen cream (available from your pharmacist) to the pigmented area and that your daughter limit exposure to direct sunlight. When she is exposed, it would be wise for her to wear a hat which protects her face from sunlight. A suntan is not needed for good general health and can have a long-range damaging effect on her skin, causing it to show premature aging later in life.

If the pigmented area does not clear in two or three months and shows added growth or signs of inflammation, she should consult a physician promptly about the pigmented area. Pigmented tumors of the skin are

potentially dangerous if they become malignant.

Daily Liquid Intake Variables

Q: Mr. G.F. wants to know what is the average amount of water a person should consume each day.

A: The average adult (150 lbs.) should consume about 2.5 quarts of fluids every 24 hours. However, the intake is highly variable and may be markedly increased to 10 times this amount for replacement under extreme conditions of heat and exercise. Children require smaller quantities of liquids than do adults.

The brain, working through the nervous and endocrine systems and the kidneys, controls the amount of fluid in the tissues. Fluid is also used in cooling the body by taking blood to the skin and by sweating. Hence, fluid requirements usually go up in hot weather.

Thirst is a complicated sensation which brings on the desire to drink fluids and replace the liquid needed by the body. Under healthy conditions, thirst is a dependable regulator of the body's fluid needs, but certain diseases are characterized by excessive, chronic thirst. It is always regarded by the physician as an important sign, and he searches for its cause, such as in uncontrolled sugar diabetes.

BANGOR PROGRAM
BANGOR, Maine (AP) — The Bangor Symphony will open its 1977-78 season with a Chamber Series Concert in Portland Hall given by the symphony's chamber orchestra.

Among attractions in the chamber series are Aston Magna, a group that performs on original instruments, the Bangor Symphony String Quartet, the Down East Players and the Portland String Quartet.

The full orchestra will include among its repertoire in the coming season Rimsky-Korsakoff's "Scheherazade" and Verdi's "Otello."

Artists-In-The-Schools Becoming More In Demand

FRANKFORT, Ky. (AP) — More and more local school districts are asking the Kentucky Arts Commission to lend them an artist.

"We've had an awful lot of requests this year," says Nancy Carpenter, director of the commission's artists-in-the-schools program. For the first time since the program began in Kentucky in 1971, the demand for artists has exceeded the supply, she said.

The program is financed by a \$64,600 grant from the National Endowment for the Humanities and by state and local funds. This year, 13 artists are setting up studios in schools across Kentucky, where they will work and hold classes.

The aim of the program is to give students, teachers and their whole communities a chance to see a creative individual at work. The artists include filmmakers, poets, photographers, a potter, a printmaker, and a sculptor.

They are expected to live in the community and to involve adults as well as students in artistic projects ranging from workshops to performances or lectures. They work with students from all elementary and secondary schools in the school district to which they are assigned.

Artists who apply for a residency are selected by an evaluation panel. They are asked to submit a resume and samples of their work. About six to 12 of the best in each discipline are invited to an interview.

"They must not only be good artists, they must be able to relate well to children," Ms. Carpenter said.

The artist is matched with a local district that has applied for someone with the artist's particular talents.

Since there are now more applications from schools than artists, Ms. Carpenter said she tries to determine which schools would benefit most from the experience, and whether a school district plans to follow up on the artist's residency by continuing an art program.

Although she stresses that the artist should be a supplement to an art program in the school, she said the artist often may represent the only exposure to art a child gets during his school career. That's primarily the case with the visual arts, she said.

The artists-in-the-schools program also involves a summer training program to train teachers about teaching film. The teachers are eligible

for grant money to bring artists into their classrooms.

There is also a six-week dance program, in which a dance company visits a school for two weeks. This is followed by a four-week visit from a movement specialist who works with the children.

In a separate program begun last year, the commission offers a series of incentive grants to teachers so that they can invite guest artists into their classrooms to supplement a teaching unit. About \$6,000 in federal and state funds were awarded last year, and the commission is trying to find money to continue the program this year, Ms. Carpenter said.

Programs are scattered among 28 Kentucky school districts. However, federal financing is leveling off, and, if the program is to expand, it must have local support, she said.

POPULATION RISE

PRAGUE, Czechoslovakia (AP) — Czechoslovakia's population has reached 15 million, according to CTK, a news agency.

Two-thirds of the population lives in Bohemia and Moravia, the agency said, while the others inhabit Slovakia. If the population follows current growth curves, it should reach 17 million by the end of this century.

District Librarian Plays Big Role In Oral History

The district librarian plays an important part in the community oral history program, said Margaret Price, assistant to the Kentucky Bicentennial Oral History Commission.

Since the state Department of Library and Archives administers the oral history

project, district librarians are responsible for promoting the project to libraries in each district. "If the project is presented as a worthwhile and beneficial program, county librarians usually follow through in organizing introductory meetings," said Price. "However, if they

don't, the tape recorder and tapes remain unopened on the library shelves."

County librarians coordinate the community oral history projects. Equipment and material used for the projects are kept in the county libraries and the committees meet there also. The committees are made up of volunteers who are interested in history, and who take time to attend workshops on interviewing and on oral history.

For example, District Librarians Ed Klee of the Pennyville and Lucille Callis of the Green River district are giving a great deal of their time and attention to the project. "Klee personally contacted each librarian in his district and promoted the establishment of oral history projects," Price said. "As a result of his efforts, six projects are actively realizing quality oral history tapes — uncovering history unique to counties in rural western Kentucky."

Lucille Callis used some imagination in organizing community oral history projects in her district, said Price. Friends of the Library, Library Board members and representatives of local civic clubs attended an information gathering at the public library which resulted in six projects.

In August 1976, Jewell Thomas, then Lake Cumberland District Librarian, scheduled a two-day oral history workshop conducted by Dr. Lynwood Montell of the Western Kentucky University

Folklore Department. "Librarians from each of the counties in the Lake Cumberland district attended the training sessions and then returned to their own counties to organize oral history projects," noted Price.

Out of that two-day workshop, several active and productive oral history projects emerged. Russell, Taylor, Wayne and Pulaski counties are making tapes relating such stories as early medical practices in Monticello and women's suffrage in Somerset.

Sara LaRoche of the Kentuckiana district has applied for a CETA grant for an assistant to help with oral history projects. Joyce Hancock, Henry County resident, has interviewed several people in and around Eminence and Sulphur Spring. Many of her tapes are on that county's education system.

There are 70 oral history committees in the state working on various projects, said Price. "The commission makes available to those committees a packet that contains recommendations, guidelines and answers to questions that often confront volunteer committees in organizing projects." There is also a representative from the commission available to help train volunteer interviewers in oral history techniques, Price said, then added, "the biggest need of the oral history committees is interviewers."
